6. HOW TO STORE ME
7. CONTACT DETAILS

#### 1. USE ME FOR

Hey you! I'm COCO, the cooling foam and together we are going to do this! I contain a gentle formulation that effectively cools and soothes the skin with chickenpox.

#### 2. HOW TO USE ME

When you use me the first time, please remove my cap from the bottle. Pump me two or three times until some foam is squirted out of the bottle. If my spray function is blocked (for instance because the nozzle is not being held upright), do not cut off the tip of the bottle. Instead, squeeze a few times to squirt the spray right up into the air.

Apply the foam three times daily or whenever relief is desired (for example each time the child changes clothes).

#### How to use:

Apply the mousse softly to the skin do not rub. I'm a light and smooth foam which is easily absorbed by the skin.

#### How do I work?

I'm used to provide an instant cooling and soothing effect, to condition and protect the skin. I take care of your skin when you have an itch, bump, sting or dry skin.

I have an instant cooling effect on the skin. The cooling action is caused by the evaporation of the mousse on the skin, which is supported and also caused by the Laureth-9 incorporated in the product. The cooling of the skin reduces irritation of

the skin, thereby reducing the urge to scratch, preventing possible further damage of the skin. The product also contains moisturisers, soothing the skin and keeping the hydration optimal.

#### ⚠ 3. BE CAREFUL WITH ME

- Use only as directed.
- Contains small parts. Keep out of reach and sight of children.
- Do not use the mousse if you are sensitive to one or more of the ingredients.
- If you experience an allergic reaction during the treatment, immediately stop using the products and seek medical advice.
- For external use only. Do not swallow. Avoid contact with eyes and mucosa (oral cavity and genitals). Should I enter the eyes, wash the eyes with plenty of clean water. Should irritation persist, seek advice from your general practitioner.
- Wash your hands after each application.

#### 4. MY INGREDIENTS

Aqua, Aloe Barbadensis Gel, Galactoarabinan Polyglucoronic Acid Crosspolymer, Betaine, Laureth-9, PEG-40 Hydrogenated Castor Oil, Glycerin, Sodium Coco-Glucoside Tartrate, Polyglyceryl-10 laurate, Phenoxyethanol & Ethylhexylglycerin, Panthenol, Ethylhexyl-glycerin, Allantoin, Lavandula Angustifolia Flower/Leaf/Stem Extract, Chamomilla Recutita Flower Extract, Citric Acid, Sodium Hydroxide.

#### 5. WHAT DO I CONTAIN?

- 100ml foam dispenser with KIDSNER Cooling Foam
- Product information leaflet

#### 6. HOW TO STORE ME

Store at room temperature (15-25°C) in a dry and dark place in the original container and out of reach of young children. After opening, do not use longer than 6 months.

#### 7. MY CONTACT DETAILS

All enquiries about me should be sent to the distributor. For more information about me, please visit [www.kidsner.ie](http://www.kidsner.ie).
