CONTENT OF INSTRUCTIONS

1. USE ME FOR
2. HOW TO USE ME
3. PLEASE KEEP IN MIND
4. MY INGREDIENTS
5. WHAT DO I CONTAIN
6. HOW TO STORE ME
7. MY CONTACT DETAILS

1. USE ME FOR

Hey you! I'm Albert, the allergy nose spray and together we are going to do this! I contain a formulation that effectively treats and prevents allergic rhinitis, such as hay fever, pollen, house dust mites and animal dander. I contain a natural salt solution, which reduces the swelling of the nasal mucosa, thins the mucus and relieves the congestion, allowing you to breathe freely again. The active ingredient provides a protective layer on the nasal mucous membrane, which serves as a barrier against pollen, house mites and other allergens from passing through. Liposomes absorb and inactivate the allergens.

2. HOW TO USE ME

Spray each nostril once or twice up to three times a day and the sneeze goes away. I'm suitable to be used by children of three years and older.

- Blow the nose gently before use
- Remove the protective cap from the injector
- Shake me before use
- At the first use, fill the pump by pressing the upper part firmly several times, after this, I'm ready for use
- Place the upper part of the spray, with the head upright, into or against the nostril and spray me 1-2 sprays in each nostril. Slowly breathe in through the nostril. Repeat this in the other nostril.
- Clean the injector after use and replace the protective cap on the packaging.

3. PLEASE KEEP IN MIND

- I'm suitable to be used by children of three years and older.
- Children up to 10 years of age must be assisted by an adult
- Do not use me longer than 30 consecutive days
- Don't use me after the expiry date stated on my packaging
- Don't use me after nasal surgery
- If the spray function is blocked (e.g. because the nozzle is not being held upright), do not cut off the tip of the bottle. Instead, squeeze a few times to squirt the spray right up into the air

Hypersensitivity

No hypersensitivity reactions have been noted.

Hypersensitivity reactions to one of my ingredients, however, may occur. If this happens, stop using me.

Pregnancy and breastfeeding

I recommend your mom not to use me if she's pregnant or breastfeeding without medical advice

Side Effects

No side effects have been noted when using me.

4. MY INGREDIENTS

Aqua, Glycerin, Sodium Chloride, Sodium Levulinate, Sclerotium Gum, Alcohol, Sodium Anisate, Borago Officinalis Seed Oil, Tocopheryl Acetate, Caprylic/ Capric Triglyceride, Opuntia Ficus-Indica Stem Extract, Citric Acid, Lecithin, Phenoxyethanol, Retinyl Palmitate, Ascorbyl Palmitate

5. WHAT DO I CONTAIN

- 10ml nose spray bottle
- Instructions for use

6. HOW TO STORE ME

Store at room temperature (5-25°C) in a dry and dark place in the original container and out of reach of young children.

 My expiry date is printed on the bottom of the packaging. After opening, do not use longer than 6 weeks.
